Dear Program Administrators,

Effective July 19, 2024, both solicitations referenced above are officially cancelled.

This cancellation is being done in accordance with the **Guide to Judiciary Policy, Vol. 14, Chapter 3, § 330.20.10 In General and § 330.20.20 Notification**

The reason for the solicitations being cancelled is that our office did not receive any technically acceptable proposals.

Currently, our office does not have any plans to resolicit for Urine Collection/NIDT Device Testing in the above noted catchment areas.
